

Consequences of climate change			Warming world			How climate works		
Intro / Images of change	Climate change and New York City	Impact of warming on climate systems	Intro / global temperature	Which regions have the most extreme temperature change?	What's warming the planet?	Intro / greenhouse effect + carbon cycle	How much do you know about climate?	Sun drives climate
Form: photographs	Form: video(s)	Form: network	Form: bar graph	Form: map	Form: line graph	Form: diagram	Form: quiz	Form: globe
Controls:  <b>One horizontal slider</b> - for sliding between images  <b>One button</b> - for navigating to next image	Controls:  <b>One knob</b> - for navigating between videos	Controls:  <b>One knob</b> - for navigating between branches	Controls:  <b>One vertical slider</b> - for changing timescale  <b>One horizontal slider</b> - for scrubbing through time	Controls:  <b>One vertical slider</b> - for changing latitude  <b>One horizontal slider</b> - for changing year	Controls:  <b>A group of 6 buttons</b>	No controls	Controls  <b>Two buttons</b> , choice A or choice B	Controls:  <b>One horizontal slider (22.5° angle)</b> - to rotate globe  <b>One vertical slider</b> - to navigate between layers
No sound	Sound:  <b>Audio from video</b> - ambient and speech  No sound when not being interacted with	No sound	Sound:  <b>Audio feedback from interactive</b>  No sound when not being interacted with	No sound	Sound:  <b>Audio feedback from interactive</b>  No sound when not being interacted with	No sound	No sound	No sound
Software/hardware:  OpenFrameworks running on MacMini, 2 USB controls input	Software/hardware:  OpenFrameworks running on MacMini, dual headed output, audio output, 2 USB controls input		Software/hardware:  OpenFrameworks running on MacMini, audio output, 2 USB controls input	Software/hardware:  OpenFrameworks running on MacMini, dual headed output, audio output, 8 USB controls input (maybe 6 button group can be grouped into USB hub)		Software/hardware:  Simple video playback	Software/hardware:  OpenFrameworks running on MacMini, dual headed output, 4 USB controls input	
Updatability:  <b>Just content.</b> Occasional-- every year to few years. (As much as we want)	Updatability:  <b>Just content.</b> Occasional-- every year to few years. (As much as we want)	Updatability:  <b>Just content.</b> Occasional-- every year to few years. (As much as we want)	Updatability:  <b>Data + content.</b> Every year with release of annual temperature anomaly data.	Updatability:  <b>Just data.</b> Every year with release of annual temperature anomaly data.	Updatability:  <b>Just data.</b> Every few years if/when we get new climate models.	Updatability:  No updates necessary	Updatability:  <b>Just content.</b> Occasional-- every year to few years. (As much as we want)	Updatability:  Possible annual <b>data + content</b> update if we are using "last year's" data. Or no updates if we are using a "prototypical" year.
